DETAILED ACTION

1. The reply filed on January 14, 2005 is not fully responsive to the prior Office Action because: the newly presented claims 5-6, 9-21 are related to the processing claims, while the claims previously filed are related to the a silver halide photographic emulsion. The remarks on January 14, 2005 are unrelated to the present claimed invention. The processing as claimed requires further consideration and/or search due to distinct invention. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
